MANILA, PHILIPPINES

2026 EDITIONS:
> 27 - 29 APRIL

The KPI Institute is an Accredited Provider of the CPD Standards Office, a Continuing Professional Development global assessor.

Key business benefits:

- > Improve the strategy execution of your company by identifying the main short term objectives and key drivers of success;
- > Obtain better business results by focusing on key stretched objectives for each quarter;
- > Increase employee accountability by enabling them to practice OKRs alignment and by fostering flexibility.

The team at The KPI Institute:

- > Documented 21,000+ KPIs from 16 functional areas and 25 industries;
- > Reviewed 1,000+ performance reports from 125 countries;
- > Referenced 30,000+ resources as part of the documentation process.

Course overview

The three-day course trains participants in how to set and work with OKRs and offers them the opportunity to get certified on the ability to deploy and use OKRs in accordance with The KPI Institute's standards, developed through extensive research and practical knowledge in the field of Performance Management and Objective Setting.

👤 Participants' profile

› Professionals interested in measuring performance

Professionals from different fields, such as finance, human resources, production, logistics, information technology and others, interested in objectives and key results, will acquire the competencies needed to measure the performance of their team, department or organization.

› Top/middle/lower management professionals

Executives or operational managers, regardless of their field of expertise, will gain the ability and knowledge to measure performance and maximize the value of using OKRs. The tools and resources offered as part of the Certified OKR Professional Training Course enable managers to apply the concepts learned within their organizations, immediately after the course.

› Performance measurement experts

For professionals like Data Analyst, Strategy Manager, Performance Management Officer or Performance Architect, it is important to develop competencies in measuring performance, especially in terms of OKR selection and data gathering. Usually, this particular audience already has a performance measurement system set in place and the Course offers them the opportunity to learn the best practices used in this field and identify how their current processes and approaches regarding OKRs can be improved.

+ Benefits

- › Support fast decision making by fostering constant feedback and communication;
- › Access an innovative learning experience based on a 3 stage educational process;
- › Obtain premium recognition as a Certified OKR Professional by completing a unique international learning program;

Learning experience

○ Pre-course

This part of the learning experience is meant to ensure a smooth transition to the face to face training. Participants are required to take the following steps:

- › **Needs assessment** – complete a questionnaire to determine a tailored and relevant learning experience;
- › **Pre-course evaluation quiz** – take a short quiz to establish the current level of knowledge;
- › **Guidance and schedule** – analyze a document presenting guidelines on how to maximize your learning experience;
- › **Forum introduction** – share an introduction message to present yourself to the other course participants and share your expectations;
- › **Pre-requisite reading** – go through a series of documents to better understand the core-course content;
- › **Expectations** - share your expectations regarding the training course;

◎ Core course

During the three days of face to face training, the course is designed to facilitate experiential learning and ensure a high level of interactivity. Exercises used to enhance the development of competencies range from simple matching of concepts to extensive analysis of case studies. The learning experience consists in:

- › Applying concepts in practical exercises, analyzing case studies and identifying solutions;
- › Using templates to develop performance measurement instruments;
- › Sharing experiences and best practices and creating a network of OKR Professionals;
- › Constantly evaluating the participants' knowledge, through short quizzes to support the certification exam.

◎ After-course

The learning process is not finalized when the core-course ends. Participants are required to take the following steps:

- › **Certification Exam** - take and pass the certification exam which consists of 75 questions with multiple answers.
- › **Forum discussions** – initiate a discussion and contribute in a discussion opened by another participant;
- › **Action plan** – create a plan for the actions and initiatives you intend to implement after the training course;
- › **Performance Improvement Essentials** – watch a 45 minutes webinar presenting the OKR measurement as part of a system that ensures performance improvements and achievement of objectives;
- › **In-house presentation** – create and submit a short PowerPoint presentation to present your colleagues the knowledge you have accessed during the training course;
- › **Additional reading** – go through a series of resources to expand your content related knowledge;
- › **Learning journal** – reflect upon your 3 stages learning experience and complete a journal.

✓ Evaluation

The certification process is finalized only when you complete all of the 3 stages of the learning experience. Nonetheless, you will receive a:

- › **Certificate of Completion** (soft copy): after completing pre-course activities and passing the Certification Exam;
- › **Certified OKR Professional diploma** (soft copy): after you have successfully completed all of the 3 stages of the learning experience.
- › **CPD Certificate of Attendance (soft copy)**: once you have successfully obtained the Professional status.

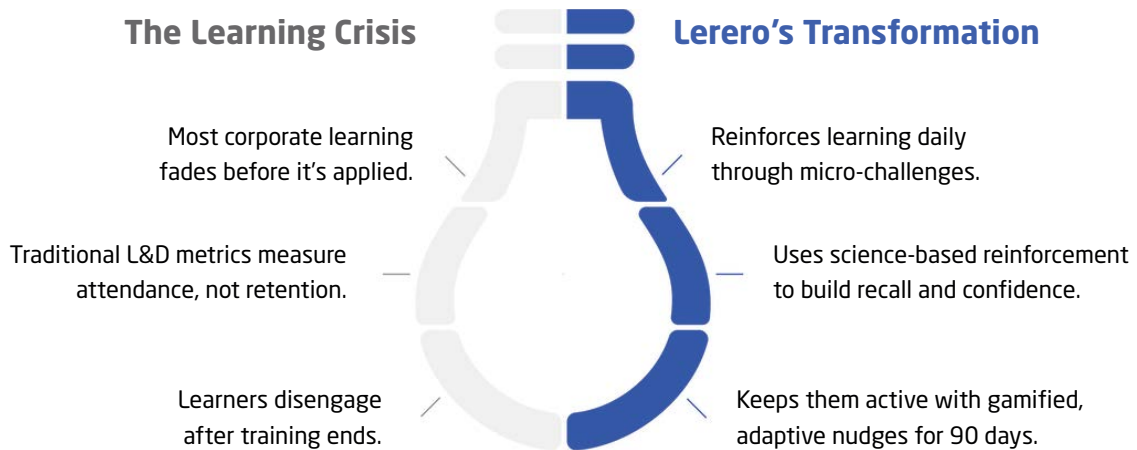

Where Learning Becomes Lasting Knowledge

The Science of Reinforcement

Most employees forget up to 90% of traditional training within a week (Ebbinghaus Forgetting Curve). Lerero flips the curve, turning training into lasting mastery through gamification, repetition, and reinforcement. With 90 days of microlearning, knowledge retention can improve by up to 80%.

The Problem → The Transformation

The 90-Day Reinforcement Championship

Most training stops at completion. The Lerero Learning Reinforcement Championship (LLRC) keeps learning alive for 90 days through micro-challenges, nudges, and leaderboards by turning completion into competence.

-  Daily Micro-Challenges
-  Leaderboards & Streaks
-  Badges & Rewards
-  Real-Time Analytics
