POSTGRADUATE DIPLOMA
STRATEGY & PERFORMANCE
THE KPI INSTITUTE

Over the last years, the team at The KPI Institute:

- Documented 21,000+ KPIs from 16 functional areas and 25 industries.
- Reviewed 1,000+ performance reports from 125 countries.
- Referenced 30,000+ resources as part of the documentation process.

Course overview

The five-day course trains participants in how to set and work with OKRs and offers them the opportunity to get certified on the ability to deploy and use OKRs in accordance with The KPI Institute's standards, developed through extensive research and practical knowledge in the field of Performance Management and Objective Setting.

Participants' profile

- **Professionals interested in measuring performance**

Professionals from different fields, such as finance, human resources, production, logistics, information technology and others, interested in objectives and key results, will acquire the competencies needed to measure the performance of their team, department or organization.

- **Top/middle/lower management professionals**

Executives or operational managers, regardless of their field of expertise, will gain the ability and knowledge to measure performance and maximize the value of using OKRs. The tools and resources offered as part of the Certified OKR Professional Training Course enable managers to apply the concepts learned within their organizations, immediately after the course.

- **Performance measurement experts**

For professionals like Data Analyst, Strategy Manager, Performance Management Officer or Performance Architect, it is important to develop competencies in measuring performance, especially in terms of OKR selection and data gathering. Usually, this particular audience already has a performance measurement system set in place and the Course offers them the opportunity to learn the best practices used in this field and identify how their current processes and approaches regarding OKRs can be improved.

Where Learning Becomes Lasting Knowledge

The Science of Reinforcement

Most employees forget up to 90% of traditional training within a week (Ebbinghaus Forgetting Curve). Lerero flips the curve, turning training into lasting mastery through gamification, repetition, and reinforcement. With 90 days of microlearning, knowledge retention can improve by up to 80%.

The Problem → The Transformation

The Learning Crisis

Most corporate learning fades before it's applied.

Traditional L&D metrics measure attendance, not retention.

Learners disengage after training ends.

Lerero's Transformation

Reinforces learning daily through micro-challenges.

Uses science-based reinforcement to build recall and confidence.

Keeps them active with gamified, adaptive nudges for 90 days.

LERERO
LEARNING REINFORCEMENT
CHAMPIONSHIP

The 90-Day Reinforcement Championship

Most training stops at completion. The Lerero Learning Reinforcement Championship (LLRC) keeps learning alive for 90 days through micro-challenges, nudges, and leaderboards by turning completion into competence.

- Daily Micro-Challenges
- Leaderboards & Streaks
- Badges & Rewards
- Real-Time Analytics
